# Educational Materials on Internet

**Note to Parents and Teachers:** NASS partnered with the National FFA Organization to create Agriculture Counts lesson plans. These lesson plans are structured for grades kindergarten through 12. Our goal is to create fun lessons that incorporate agriculture into English, math, geography, science, and social studies.

You can access these lesson plans from a link on our homepage at [www.nass.usda.gov](http://www.nass.usda.gov) and select "Education and Outreach" along the left-hand side.

**How can I get more of this Activity Book?** Due to budget limitations, multiple copies of this Activity Book are not available from our office. The book is **NOT** copyrighted and you are welcome to make copies as needed. It is also available from our website at [www.nass.usda.gov/pa](http://www.nass.usda.gov/pa) where you can print selected pages or the entire book.

4050 Crums Mill Road, Suite 203 · Harrisburg, PA 17112
